

EVE! Bath and Shower Lift

Modern Design Meets Safety and Versatility

Safe and Comfortable Shower and Bathing Experiences

The EVE! Bath and Shower Lift features an ergonomic design allowing caregivers to provide safe and comfortable shower and bathing experiences for residents. The unique design of the EVE! makes its extremely versatile and easy to use with simple integration in any existing care bathtub. The padded seat with hygiene opening provides the resident with ultimate comfort while the dual controls on the pillar and handset allow for easy one or two caregiver operation. Additional safety features include an integrated service module reporting any technical problems and required maintenance.

Battery and charger are backwards compatible across all Handicare by Beka mobile lifts.

Caregiver and Resident Benefits

Safety steering handles enclose the resident ensuring safe and easy maneuvering.

Cable remote control with display of the charging condition of the battery, failure diagnostics, service.

Comfortable shaped seat with hygiene opening.

Closed, easy-to-maneuver double castors. Both back wheels include braking system.

Built-in door with emergency stop allows for easy battery access and removal.

Lowers to a height allowing the resident to sit down on the seat with ease.

Integrated digital scale powered by the main battery (optional).

The EVE! fits in any care bathtub.

Aluminum components make the lift extremely lightweight.
